**Overview**

St John's National Academy of Health Sciences (SJNAHS), is one of the finest centres where excellent medical education and patient care with a sense of ethical value is being extended. It aims at implementing value education by instilling service oriented approach amongst the staff and the students to promote and preserve the health of the community apart from striving to keep up with the knowledge & developments in the medical field. Department of Biochemistry, St. John's Laboratory services (SJLS), an accredited lab, is committed to provide diagnostic services, with top priority to the quality of results.

The department of Biochemistry has geared up to conduct the 4-day workshop on *International standard, ISO 15189:2012 & NABL 112 document* again this year, based on the excellent response and the feedback received from the participants last year.

The workshop is conducted by the internal auditors and NABL assessors in the department and is designed to provide the delegates to interpret the basic requirements of ISO 15189 and its inter-relationship with relevant documents imparted by the national accredited body. This workshop will also give an insight about the principles and concepts of laboratory quality management system in preparation towards national laboratory accreditation.

The organizing committee takes pride in inviting you to participate in the Workshop on **“Approach towards laboratory accreditation- an insight into ISO 15189:2012 and NABL 112”** scheduled to be held from 30<sup>th</sup> January to 2<sup>nd</sup> February 2018, at St. John's Medical College (SJMC), Bangalore- 560034.
