

Ethical and Legal Usage of ChatGPT and AI Apps for Academic Writing and Research – A Hands-On Workshop

Welcome to the "Ethical and Legal Usage of ChatGPT and AI Apps for Academic Writing and Research" workshop! This hands-on session is designed to provide participants with essential insights and practical guidance on responsibly harnessing the power of ChatGPT and AI apps in the realm of academic writing and research. With a focus on both ethical considerations and legal compliance, this workshop aims to equip attendees with the knowledge and skills to navigate journal guidelines, adhere to legal requirements, and leverage AI tools effectively. Join us to explore the boundaries and best practices for utilizing ChatGPT and AI apps, ensuring integrity and excellence in your academic pursuits.

Workshop Highlights

- Introduction to ChatGPT and Emerging Trends in Artificial Intelligence
- Practical session: Learn the fundamentals of creating effective prompts in ChatGPT to enhance your academic writing and brainstorm research ideas.
- Exploration of Additional Artificial Intelligence Apps for Research: Discover a range of diverse AI applications that can further augment your research efforts.
- Receive guidance on the responsible and lawful utilization of ChatGPT and AI apps for academic writing and research purposes.

Who should attend?

This workshop is designed for beginners. It welcomes anyone with an interest in research.

Benefits

Gain confidence and effectiveness in using artificial intelligence apps like ChatGPT for academic writing and research by understanding boundaries and limitations. Enhance your academic work and research outcomes with this workshop.
