ALVEOLUS 2023

A Safe & Systematic

Approach to Thoracic Anaesthesia

MESSAGE FROM THE ORGANISING TEAM

Dear friends,

Greetings from the department of Anaesthesiology and Critical Care, SJMCH.

As part of the diamond jubilee celebrations, it gives us immense pleasure to invite you to be a part of the CME and workshop on Thoracic Anaesthesia to be held at St. John's Medical College Hospital on 11th June 2023.

Thoracic anaesthesia is an exciting aspect in the world of anaesthesia which requires a lot of dedication and commitment to learn and master the skills. A CME and workshop would contribute a lot to scientific exchange of thoughts.

This CME will be a day filled with didactic lectures, interactive sessions and workshops delivered by experts to benefit both post graduates and consultants.

Looking forward to welcoming you to the CME and workshops.

Regards,

Dr. Karthik Jain

Organising Secretary
